

We are excited to announce the 2022 Elangomat training dates!

What is an Elangomat? The question of just what is an Elangomat is an important one, for we can't be something we don't know or understand, and many would answer this question differently because an Elangomat is many things. With that said, the most important thing we can say about an Elangomat is that he is a person who is fully willing to give of himself in order to bring others to a true realization of the purpose and spirit of the Order of the Arrow.

Elangomats are the brothers who help to guide new Ordeal candidates through their Ordeal and to Brotherhood. We need each of you to become a trained Elangomat to help to make this year a success for both our Lodge and for the new Candidates. As our brothers who have previously cheerfully served as Elangomats will tell you, the experience is life-changing and helps to remind you of the purpose of our Order.

If you think this is something you would like to do please register for one of the following training sessions:

May 4, 2022      7:00 PM

August 3, 2022    7:00 PM
