

**WHERE TO GO CAMPING GUIDE**  
**1996**

Published by the Order of the Arrow, Cahuilla Lodge #127

## From The Chief

One of the primary functions of the Order of the Arrow is the promotion of camping. One of the many ways we do this is through the publishing of our "Cahuilla Lodge Where To Go Camping Guide" which you are now holding.

As Chief of the Cahuilla Lodge, I hope that you will take the time to look through our publication and share its contents with fellow Scouters. This information, hopefully, will allow us all to strengthen the Boy Scout Program by involving more Scouts and Scouters in outdoor activities.

I would also like to take this opportunity to thank those Arrowmen who have contributed to this newest guide and to challenge all my Lodge Brothers to work together to make next year's contribution even better.

To those of you who are Arrowmen I ask for support to help Cahuilla Lodge to reach the level of excellence that we truly deserve. Do this by giving in cheerful service. Take part in your chapter and district activities and work through the lodge and council committees. Much work must be done and we can only do this if we work together.

To those of you who are not members of the Order of the Arrow I ask you to find out more about our organization. If you are a Unit Leader think about assuring that your scouts will meet the entry requirements before the next elections. You can then contact your Chapter Chief to schedule a visit by an election team.

Finally, I would like to thank each of you who help to put the "outing" back in Scouting. Keep up the good work!

Yours in Scouting,

Chief, Cahuilla Lodge

## **GUIDE TO SUMMER AND WEEKEND CAMPING ON COUNCIL OWNED PROPERTIES**

The outdoor program is one of the biggest features of Scouting that appeals to boys, and a week at summer camp is the top experience. The program facilities and equipment can not be duplicated by a unit on its own. These camps offer a variety of programs, feeding and facilities to match your unit's needs and desires. Advancement opportunities are second to none; boys work on the lower ranks toward 1st Class and merit badges. An enthusiastic, well-trained staff is available to help the troop with its program whether for fun or training. Strict health and safety standards are maintained at all time; emergency facilities are available, and medical checks by trained medical supervisors are enforced.
